

REPUBLICAN PARTY OF GUAM

MEDIA STATEMENT

FOR IMMEDIATE RELEASE

July 19, 2024

The Republican Party of Guam issues the following statement from Chairman Shawn Gumataotao on the conclusion of the 2024 Republican National Convention in Milwaukee, Wisconsin:

“The members of the Republican Party of Guam stand with our Party Nominee for President of the United States Donald J. Trump. The former President Trump has never stopped fighting for the American People. America has continued to suffer under four years of Joe Biden, but that will all change in November.

Our recently completed Convention in Wisconsin has not only inspired Americans across the Nation, the last four days of the 2024 RNC has fired up Party Members from Milwaukee to Tamuning.

I want to personally thank our Guam Delegation to the 2024 RNC for their work there this week to include our RNC Members Juan Carlos Benitez and Shelly Gibson. A special thanks to former Guam Governor Felix Camacho for leading the Delegates, Alternate Delegates and our Party Guests on the Convention Floor. We now shift our collective focus to Republican wins up and down the ballot in the 2024 Guam Election”
