

REPUBLICAN PARTY OF GUAM

MEDIA STATEMENT

FOR IMMEDIATE RELEASE

September 16, 2024

The Republican Party of Guam issues the following statement from Republican National Committee Member and Guam National Committeewoman Dr. Shirley “Sam” Mabini-Young on an incident in West Palm Beach, Florida:

“The Republican Party of Guam is distressed by news of gunshots at Trump Golf Course in the vicinity of Former President Donald J. Trump. We are thankful that he is safe. This and any form of violence is disgraceful and unacceptable. We encourage all citizens to be vigilant against unlawful behaviors and actions. Republicans both here and across the Country are hopeful that the second incident in nine weeks will not discourage our Party Candidate for US President or candidates for public office nationwide. These men and women represent the common-sense values of American communities across the 54 States and Territories guided by truth and justice for all and not a select few.”
